BRIDGEPORT, CONN.

If you contemplate the purchase of any Cemetery Work, it is worth your while to investigate White Bronze, a material that makes the durable Monument, and surpasses Marble and Granite in fine, artistic finish. No moss growing, cracking or crumbling; no cleaning or care required. Better in every way than Granite and less expensive. Leading Scientists endorse it as being practically indestructible.

Correspondence solicited. On receipt of postal card will be pleased to call with designs and samples.

Its Deposits now amount to about \$390,000, nearly one-half of which is invested in 1st Mortgage Farm Loans in AROOSTOOK CO., the balance in bonds approved by the Bank Examiner.

The present State Laws requiring that all Savings Banks in Maine shall invest one-half of all their deposits in certain named bonds, while it has obliged all Saving Banks to reduce their rate of dividends, is undoubtedly a wise one. -- Although the Banks do not realize but about 3% net on their bond holdings, it gives them a class of Securities that can be quickly sold and converted into cash in case of need; whereas Mortgage Loans could not be sold in the large money centres.

The names of the Trustees of this Bank are a sufficient guarantee of its safe management, and of its claim to the liberal patronage which it enjoys.

Many a young man and woman is here laying the foundation of their future fortune.

As before stated Mortgage Loans are made a Specialty, and parties wishing to obtain money on favorable terms and at small expense, should write to

all kinds of

Building

Materials.

We manufacture all kinds of house finish for both exterior and interior work, such as moulding gutters, turned columns, balustrade work, brackets, window and door frames. We keep a stock of clapboards of all qualities, fitted ready to lay.

For interior mouldings we carry a stock of all kinds of woods, such as cypress, whitewood, ash, birch, basswood, etc. Also, corner and base blocks to match our architrave mouldings of plain, turned and pressed blocks.

In the line of sheathing, we have both 1-2 and 1-7-8 stock in hard and soft wood, and hard and soft wood flooring.

We can furnish all kinds of stair stock, such as posts, rails and balusters, from a square stick to a fancy twisted baluster, and from a plain turned post to a fancy, twisted and carved, newel post, and in any kind of wood.

In mantels and tiling we have a stock on hand, and can furnish at short notice, any kind of mantel and tiling that one could wish for. We keep samples of these goods on hand to show our customers. We have, also, on hand all the fixtures that go with a mantel or fireplace, such as chimney throats, ash dumps, iron and brick lining, tip and side dampers, brass borders, etc. We have, also, red pressed and mottled brick for fireplaces, chimney lining, etc.

We have taken the agency for steel metal ceilings and wainscoting of all the latest styles and patterns, from a plain sheet of metal to the most elaborate designs. Our designs are all new and just put into the market. We would be pleased to show cuts and quote prices of these metal ceilings to all parties interested. Parties living out of town, that would like to see these new patterns and obtain prices should drop a postal card, or call at our place of business near the north end of the iron bridge, and we will show the cuts and give prices for the ceiling all complete.

In writing for prices, always send the plan of the ceiling with correct measurements.

Please give us a call and obtain prices on all kinds of building material. Our prices are as low as the lowest. We have the finest machinery, and the best equipped mill for wood-working and house finishing, in Aroostook County and can turn out as good work as can be done in the State.
