for almost a century . . .

it has been the privilege of this insurance

. . . . it has been the proud responsibility of this insurance agency to provide safe and sound insurance protection of every available kind, for business and industry, for residential and commercial property, for farmers and for individuals throughout Aroostook County.

. . . . it has been the privilege of this insurance agency to offer to its clients the dependable protection and the guaranteed security that is afforded by the oldest and the strongest stock and mutual insurance companies in the world, for whom we have been agents for many years.

ESTABLISHED IN 1864

We are indeed proud of the fact that we can date our insurance service back to 1864 when the forerunner of the Geo. S. Gentle Company of today, sold its first policy. This was just seven years after the first issue of the Aroostook Pioneer was printed. We take it as a great credit to this agency that, to the single company we represented then, has been added many of the largest and soundest companies in the world for whom we are the agents today.
