

The first Almon H. Fogg Company store, opened in 1859 at the corner of Main and Mechanic streets where the present store now stands.

WHAT IS A HARDWARE STORE?

A successful old timer once said, "A hardware store is a place to have your problems solved."

There's a lot of truth in that. We always enjoy replacing a nut or bolt in a baby carriage for some distraught mother, or making a scooter usable for a junior Captain Video. On the other hand, we can often make a suggestion for the homeowner, or for the business man trying to make the best use of material.

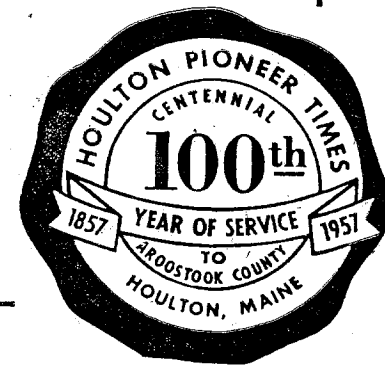

During the past 98 years, we've made a lot of suggestions. If you'll excuse the pride, we also have made a lot of friends. If you'd like honest-to-goodness old-fashioned service together with the latest and best merchandise, why not make up your mind to start shopping at ALMON H. FOGG COMPANY . . . the outstanding HARDWARE STORE IN AROOSTOOK COUNTY.

After 98 Years . . .

of Service . . . in Aroostook County . . .
We pause to extend our best wishes to
the Town of Houlton on this their 150th
Anniversary. . . .

We also wish to extend
CONGRATULATIONS to
THE PIONEER TIMES for
100 Years of Service to
this Community.

ALMON H. FOGG

— COMPANY —

SERVING AROOSTOOK SINCE 1859
