WABM RADIO CONGRATULATES HOULTON  
in its SESQUICENTENNIAL YEAR

Your local Shiretown station is a junior member of the community in years of service, and we're proud of our record of acceptance and loyalty in the homes of Houlton residents. We are fully aware of our responsibility in the singular part we play in the life of the community. Our facilities are sufficiently extensive to bring to Houlton families news, sports and special events the moment they are happening... be it in Market Square in Houlton, Pennsylvania Avenue in Washington, or from around the world in Hong Kong... all with equal ease.

It is our goal to continually grow in our ability to provide information, entertainment and education to the community of which we are an integral part for the next 150 years.

WABM RADIO CONGRATULATES THE HOULTON PIONEER TIMES  
in its CENTENNIAL YEAR...

The Houlton Pioneer Times has stood the rigid test of time in its unwavering acceptance by the community. This can be accomplished only through courageous adherence to high editorial standards and responsible community service. It has wholeheartedly supported all constructive efforts within the community, and has been outspoken in areas where constructive effort was needed.

WABM is proud to be a partner with the Houlton Pioneer Times in the field of public information to a community of which we're both justly proud.

Our heartiest best wishes to the Houlton Pioneer Times for another equally outstanding century.
